By the decision of the Supreme Arbitration Court of the Russian Federation of 28.06.2013, the company's application was accepted for production. In addition, the company applied for interim measures in the form of suspension of the decision of the Federal Antimonopoly Service dated 25.05.2012 No. 1 11/202-11 until the end of the supervisory proceedings. Official website of the Supreme Arbitration Court of the Russian Federation: <http://www.arbitr.ru/> (information on the progress of the case, reference materials, etc.).

2 According to parts 1 and 2 of article 90 of the Arbitration procedural code of the Russian Federation, the arbitration court at the request of the person participating in the case, and in cases provided for by this code, and another person may take urgent temporary measures aimed at securing the claim or property interests of the applicant (interim measures). Interim measures of protection are permitted at any stage of the arbitration process if failure to take such measures would impede or render impossible the execution of the judicial act. The company's application for interim measures is motivated by the need to prevent significant harm to society. Having considered the application, the panel of judges does not find the grounds provided for by the Arbitration Procedure Code of the Russian Federation to satisfy it, since the society has not substantiated the need to take interim measures, and has not documented that their failure to take may cause him significant damage. Taking into account the above and guided by Article 90 of the Arbitration Procedure Code of the Russian Federation, the panel of judges DECIDED: in satisfaction of the petition of the open joint-stock company "Pharmstandard" on the adoption of interim measures in the form of suspension of the decision of the Federal Antimonopoly Service of 25.05.2012 No. 1 11/202-11 to refuse.
